

Members of the High-Level Experts Group on Cybersecurity (HLEG)

Members of the High-Level Experts Group (HLEG) of the Global Cybersecurity Agenda (GCA) were nominated by ITU Secretary-General, with due consideration to both geographical diversity and range of expertise, to ensure multi-stakeholder representation. HLEG is comprised of more than one hundred world-renowned specialists in the five work areas of GCA, representing expertise across a broad range of backgrounds including the administrations of ITU Member States, industry, regional and international organizations, research and academic institutions
